

ADMINISTRATIVE AND OPERATIONAL DECISIONS

The principal or his/her designee has executive authority to manage the school's day-to-day business operations and administrative decisions.

In case of an incident that endangers any person, a staff member, volunteer, committee member, board member, or parent is authorized to take reasonable action to alleviate the immediate danger only. The matter then must be referred to the principal for a permanent solution.

Board members will not seek to micro manage administrative decisions or school operations nor, outside of the authority of the full board, seek to micro manage the principal.

Administrative And Operational Decisions

Approved by River Mill Academy Board of Directors
