

Sierra Ross-PTT President Nominee

1. What interests you most about serving River Mill Academy's Parents-Teachers-Together?

I believe we set an example for children to see their parents engaged in their education, it sends a message that school matters, that can positively influence their attitude toward learning and responsibility within our daily lives.

2. How do you see the role of PTT supporting the mission and community of River Mill Academy?

A good president doesn't try to do everything themselves. We delegate tasks, encourage volunteers, and help committee members all in all. This builds a stronger, more sustainable PTT rather than depending on a single person.

3. What skills or strengths would you bring to the PTT (e.g., organization, communication, fundraising, event planning)?

I am bringing a collaborative attitude. I'm comfortable working with different personalities, building consensus, and keeping the group focused on what benefits students most. Finally, I'd contribute a willingness to step up where needed, whether that's helping lead a project, supporting teachers, or handling behind-the-scenes tasks that keep things running smoothly.

4. How would you encourage greater parent and teacher involvement in school activities?

By making the connection easy, consistent, and meaningful. Shorter meetings with clear agendas and real decision-making opportunities make people feel their time matters. Make involvement flexible!! Not every parent can attend meetings, but many will help in small ways such as donations.
