

## **Ogie Dishmon-PTT Vice President Nominee**

### **1. What interests you most about serving River Mill Academy's Parents-Teachers-Together?**

I strongly believe that for teachers to be successful in the classroom, they need additional time, resources, and support. The PTT is the perfect place for parents to step in and provide those necessary things which in turn helps foster their children's education. Serving on the PTT is a win for all involved and I would be happy to be a part of the support and success.

### **2. How do you see the role of PTT supporting the mission and community of River Mill Academy?**

I believe the PTT should work closely with parents and teachers to ensure RMA is successful in academics and overall school goals by creating opportunities for involvement. I see PTT as an advocate for teachers, staff, and administration supported by parents!

### **3. What skills or strengths would you bring to the PTT (e.g., organization, communication, fundraising, event planning)?**

My professional career is based on project management which allows me to bring organization, collaboration, and clear communication skills to the PTT. I love working with others for a common goal and I love planning a good time!

### **4. How would you encourage greater parent and teacher involvement in school activities?**

I think it's important to understand what, specifically, is needed by teachers, staff, and administration. Having this information would help the PTT create various types of opportunities to allow parents to get involved based on their availability and it will ensure that those opportunities bring value to the school. Success builds on success and if we continue to show up for each other, the involvement and support will come.
